10. **Development Update**

Ms. Phair provided the following project updates:

Trammell Crow – The contractor has erected a crane on site, and the parking lot surface has been removed on the south side.

Cottages - Developer has been apprised of storm water facility needs and will continue to work with the City of Arvada and the Mile High Flood District regarding their development plan.

Berkeley Homes - The developer will continue to work with CDPHE to resolve environmental issues.

Kmart - The abatement will be completed in March with demolition to commence thereafter. The Good Times will be closing the end of March however they may not take the building down until construction begins in July/August. The developer also continues to work with McDonalds to solve access and parking issues.

Olde Town Alleys:

The Grandview Alley - We reached out to The Rising Church regarding the possibility of consolidating trash dumpsters within the alley. It was determined that the church was not interested in participating at this time. The BID will continue to work with businesses to facilitate the consolidation of dumpsters.

The Yukon Alley - We have contracted with Kimley-Horn to create renderings showing the removal of overhead utilities as well as the addition of ground-based transformers and lighting.

The Paseo - The site plan will be submitted to the City later this month. The bid documents will be ready by mid-September.

The Flour Mill - An update was provided outlining the various meetings with consultants and museum professionals. There was an emphasis from the consultants that ongoing operations of the flour mill, beyond the proposed capital improvements, will need to be a priority in the planning process. Staff had not considered the operational component of this effort and asked the board if it was still interested in pursuing this project since it would increase the overall scope of the project. There was discussion of this additional scope and it was determined that staff proceed to work with the Arvada Historical Society Committee to determine next steps.

Ralston Gardens - The developer will submit the site plan to the City this month along with the rezone and major modification.

Ralston Commons - There is still discussion regarding the Garrison Street traffic study. However, the building permit should be approved in the next eight weeks.

Ms Phair reported on the following:

Amber Boutwell was hired as AURA's first Communications Coordinator.

Peter Kazura will be joining the Board of Commissioners and will be in attendance at May's meeting.

Tony Cline's last meeting will be next month.

Acknowledgment was given to all members efforts for their participation and meeting attendance in 2021. Alan Parker, Marc Williams, and Tony Cline were recognized for their commitment and zero absences with a personal gift.

Flash report – provided in packet

We are finalizing the design concept for AURA'S new office – SAR is planning to submit to the City at the beginning of April. We are expecting a late summer or early fall move in.

State of the City event for April 15th was mentioned. Interest for attendance at the event was raised for discussion.

Ms Phair's review will be June 1st.
